ALFREDO HÄBERLI of Zurich designed PATTERN for Quodes. This Argentine-born designer chose basic geometric shapes and piled them one on top of the other to create interesting patterns. Both the variation and the contours give the furniture a fascinating and visual shape. Furniture sculptures, suitable for storing books and exhibiting objects.

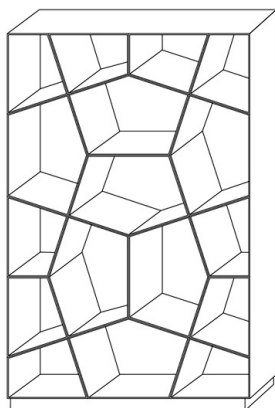

WALLPAPER chose PATTERN as BEST SHELVING SYSTEM in January 2007.

Pattern has been exhibited in the Museum für Gestaltung in Zürich, Switzerland and published all around the world and in several art books.

*For PROJECTS and ON REQUEST*

For projects we offer also customised dimensions on request. It is possible to install a 'Pattern Wall', which should be a multiple of 65 cm, for example 6,5 meter long and 1,95 meter high.

### *Color*

- traffic white (RAL 9016), satin
  - the edges are black / anthracite and show the milled aluminium
- On special request satin alu color ('silver') is possible

### *Material*

- Lacquered aluminium composite material
- The panels are 6 mm thick, from which top and bottom are covered with 0,5 mm aluminium. In between 5 mm of recycled polyethylene
- The panels are connected under tension with screws

### *Podium*

- Since most floors are not perfectly flat, it is recommended to use also the podium, which is delivered with Pattern
- A podium is made of 28 mm MDF and has several adjustable feet (height podium incl. adjustable feet 5 cm). The edges are lacquered in black. Its length and width are slightly smaller the surface of the bookcase itself.

### *Delivery, mounting*

We deliver Pattern fully mounted in a wooden crate. Please check if the dimensions can be transported into the place where it will be installed.

Pattern has a very decorative back wall and can be installed freestanding.

Nevertheless, we recommend for security reasons to place Pattern against a wall and connect it to the wall with a special device, which is mounted on its back.

### *Maintenance*

Dust with a soft dry cloth. If required clean with soapy water. Never use any chemical cleaning liquids and / or abrasives.
