

Pattern

Design by Alfredo Häberli

Alfredo Häberli of Zürich designed Pattern for Quodes. The Argentine-born designer chose basic geometric shapes and piled them one on top of the other to create interesting patterns. Both the variation and the contours give the bookcase a fascinating and visual shape. Pattern bookcases are furniture sculptures, suitable for storing books and exhibiting objects.

Wallpaper chose Pattern as 'Best Shelving System' in January 2007. Pattern has been exhibited in the 'Museum für Gestaltung in Zürich, Switzerland and has also been published all around the world and in several art books.

Museum für Gestaltung, Zürich

About the designer

Alfredo Häberli was born in Buenos Aires, Argentina, in 1964. He moved to Switzerland in 1977 and graduated 1991 with distinction in Industrial Design at the Höhere Schule für Gestaltung in Zurich.

Today, he is an internationally established designer based in Zurich and is working for several of the leading companies of the international design industry.

He manages to unite tradition with innovation, joy and energy in his designs and his work is strongly influenced by his early childhood in Argentina as well as his curiosity and studies in everyday life.

The results are works with a strong expression and emotionality.

Materials

All Pattern bookcases are made upon request.

Aluminum composite material (available upon request).

The panels are 6 mm thick, from which top and bottom are covered with 0.5 mm aluminum, in between 5 mm of recycled polyethylene.

The panels are connected under tension with screws.

Podium

Since most floors aren't perfectly flat, it is recommended to use the podium, which is included.

A podium is made of 28 mm MDF and has several adjustable feet (height podium incl. adjustable feet is 5 cm). The edges of the podium are black. Its length and width are slightly smaller than the surface of the bookcase itself.

Colours

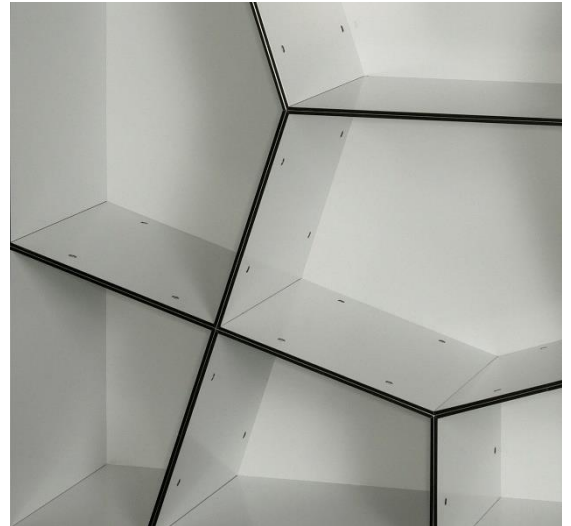

The bookcase is satin traffic white (RAL 9016) or another white colour, depending on availability.

The edges are black / anthracite and show the milled aluminum.

Other colours may be possible for larger orders.

Availability / Pricing

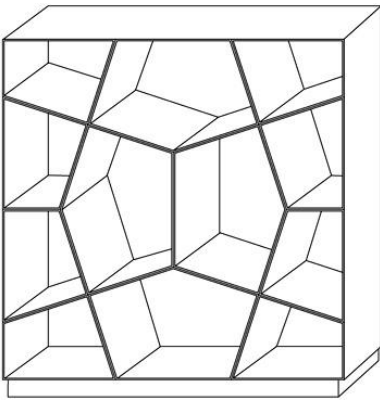

Either we have Pattern cabinets in stock and we can provide you with prices or we don't have Pattern in stock and we must ask for quotations. If Pattern has to be made to order, prices are lower for larger quantities due to start-up costs.

Delivery / Mounting

We deliver Pattern fully mounted, in a wooden crate. Please check if the dimensions can be transported into the place where the Pattern will be installed. Pattern has a very decorative back wall and can be installed freestanding. Nevertheless, we recommend for security reasons to place Pattern against a wall and connect it to the wall with a special device, which is mounted on its back.

Maintenance

Dust with a soft, dry cloth. If required clean with soapy water. Never use any chemical cleaning liquids and / or abrasives.

For projects and upon request

For projects we offer customized dimensions. It is possible to install a 'Pattern Wall', which has to be a multiple of 65 cm for length and height, for example 6,5 meters long and 1,95 meter high.
